MEMORANDUM FOR THE RECORD

STAT

SUBJECT: Conversation with [REDACTED] Director
Security Evaluation Office re SEO Space

Fred called me this morning, to reconfirm our last conversation regarding SEO space. I repeated to him that current plans for SEO personnel were to locate in Key building on the third floor and that we expected his personnel would be there at least several months. Because we had a space plan in progress and it had not yet been agreed to by the Executive Committee, I could not be firm in any commitment to the long term solution for SEO space. Instead, I said it would depend on whether we vacated our buildings at Rosslyn or renewed the leases for another couple of years. If the leases are renewed, I told him that we would prepare space for SEO on the 11th floor of Key building as we had previously agreed. He indicated that was still his preferred solution. In the event that we decided to vacate Rosslyn, I told him I would get back with him to discuss the eventual location of the SEO. He said he understood and agreed. He will wait for further word from us.
